## VOCAB LAB

Write down what you think each word means.

What root words can you find to help you? What does the context of the word tell you?

**activist, ally, citizenship, climate change, globalization, and parable.**

Compare your definitions with those of your friends or classmates. Did you all come up with the same meanings? Turn to the text and glossary if you need help.

## MY WORLD

Through the “My World” Survey, people can identify which of the 17 SDGs matter most to them.

At [www.myworld2030.org](http://www.myworld2030.org), you can take the survey and select six SDG priority areas. You can also view results by country to see what people care about across the globe.

My World 2030

- **Do some research and think about the SDG that matters most to you.** Use the internet and local media to research what is being done to address it in your community. What organizations are working on this issue? What progress has been made?

- **Visit the “My World Survey” results page at this website.**

My World results

- **Filter the survey to view results from your country.** How do your national results compare to the global results? Which of your selections overlap with those of other respondents from your country?

To investigate more, encourage other students and teachers in your school to take the My World survey. Collect and tally the results. Which SDGs emerge as most important? How can you and your classmates address them?
